

INNOVATIONS FOR
SUCCESSFUL SOCIETIES

Seasons Greetings!

*We wish you a
peaceful and happy New Year!*

Many thanks for joining us in learning from
successful public servants around the globe!

During the past year ISS has highlighted the challenges of
**disaster preparedness in Seattle; linking health priorities to the budget
process** in Ethiopia, Rwanda, South Africa, Nigeria, Vietnam,
and Colombia; reforming revenue administration to help government serve its
citizens in Rwanda, Vietnam, Ethiopia, Indonesia, and Uganda; and
using urban planning to scale services and early childhood development
in Brazil, Albania, and Israel.

These experiences inspire, enlighten,
and chart the path to a better year ahead.
